

AUTHENTIC SICHUAN SKEWERED-STYLE AYCE HOT POT RESTAURANT

Ye Skewers Hot Pot is happy to be serving the wonders of traditional Sichuanese skewer-style hotpot. Everything is prepared on bamboo skewers in bite-size pieces. Customers can try over 100 items in one meal, starting from the house-special marinated meat wraps to seafood and vegetables, all ready to be dipped in a simmering broth.

The concept of putting each ingredient on a skewer came from the idea of making hotpot interactive for diners. Unlike other types of hotpot, skewering allows guests to experiment with individual items instead of ordering entire plates of the same thing. This gives them the chance to try a whole bunch of different menu offerings all at once!

At Ye Skewers Hot Pot, you can pick your own AYCE skewers from a selection of meat, seafood, or veggies, each available from our "Skewers Hall" – our display of the restaurant-wide selection of skewers and dips.

HERE'S HOW IT WORKS AT YE SKEWERS 如何吃串串

1 Choose Your Broth 选锅底

Pick a broth you'd like; then how spicy you'd like it. We highly recommend extra mild for your first time!

2 DIY Your Dipping Sauce DIY 调料

Help yourself to the sauce bar where you can choose from a huge range of sauces. Use of the sauce bar is unlimited. You're welcomed to experiment and have some fun!

3 Pick Your AYCE Skewers 自选串串

Grab a tray at the fridge and choose from our nice selection of skewers. The fridge on the left is filled with mainly vegetables and the fridge on the right offers mostly different kinds of meat and seafood. Everything is labelled, so you know exactly what you are eating. Since it's AYCE, you can grab as little or as much as you would like.

(For some ingredients, we can't put them on skewers. They are listed and priced in an à la carte menu. Please let our staff know if you want to add anything to your meal.)

4 Time to Enjoy! 火锅吃起来!

Once the broth boils, your skewer hotpot experience is ready to begin! Add the skewers into the pot and wait for them to cook. If you're unsure of cooking times, feel free to ask our staff. Skewer-style hotpot allows you to try our many kinds of vegetables, tofu, mushrooms, types of meat, and seafood without feeling like you took too much of one thing.

5 Ice Cream after Skewer Hotpot 别忘了饭后冰淇淋哦!

Once you're done with the hotpot, don't forget to get your ice cream cone, which is also included in the AYCE menu.
